## **SYNOPSIS**

This Ordinance allows those residents who receive the receive the Town's Senior/Disabled Tax Credit to have the costs of any permit requested reduced by 25% of the normal costs; and those residents who receive the Town's Base Tax Credit shall not be charged a fee for any permit requested.

## **Fiscal Impact**

The Fiscal impact of this Ordinance was determined by going back 12 months and calculating costs as if this ordinance was effective. During the twelve month period the Town would have billed \$1,355.38 less in fees had the ordinance been in effect and would have incurred \$1,251.34 if fees paid to BIU that would not be covered by the permit fee. Therefore we anticipate that passage of this ordinance would result in the Town losing approximately \$2,606.72 in revenue annually.
