SYNOPSIS
ORDINANCE 658

This Ordinance repeals Ordinance 654 which was an Ordinance that placed a one (1) year moratorium of the review or approval of any application before the Planning Commission or Board of Adjustment which if approved would increase the amount of impervious surface on the subject property. Any application which may have been submitted prior to December 11, 2020 was permitted to continue through the application process, and anyone who could prove an actual hardship related to a disability or accessibility issue was not be affected by the moratorium established by this ordinance.

Fiscal Impact:

This Ordinance is anticipated to have no Fiscal Impact. Since any fees paid would go toward the cost of holding the hearing (such as the deposit on signs) and during the Fiscal year have already been budgeted.
